

**Legend/Notes:**

- Geometrics Details**
- Proposed Design Level
  - Existing Ground Level
  - Townland Boundary
  - CPO Boundary
  - Land Made Available (LMA)
  - Design Chainage
  - Constructed Wetland

- The figures attached are an indicative outline for the proposed diversion of the Turnalaydan Stream. The final detail shall be based on the schematic outline included in this figure, and developed in direct consultation with the NPWS and IFI.
- Should the Contractor decide not to progress with the diversion then a clear span structure shall be provided over the existing stream; as per chapter 4 Volume 2 of the EIS.

**NOTE:**  
 All proposed road levels indicated are based on a Design prepared for Phase 3 and 4 of the NRA PMG and may be revised at the Detailed Design Stage.  
 Modifications may be made to avail of opportunities to improve the design in the light of experience on the ground or other innovations provided this has no significant adverse environmental effects.  
 No other use of this material may be made without the licence of the copyright holder in accordance with Section 74(3) of the Copyright and related Rights Act, 2000.
