**NOTE:** The 2016 population was estimated by selecting the highest of the following three figures: 2011 Census population (black) where available, 2010 estimated population (red) or 2016 estimated population (green). The 2010 and 2016 estimates are based on the number of occupied houses within the development limit of each village, as surveyed by the Council's Planning staff, multiplied by 2.6 persons per household.
