Dear Sir, Madam,

I note that lands in the ownership of CIÉ / Iarnród Éireann have been included in the 2024 Sligo RZLT map. As per submission made in 2023, note that these lands are required for railway operational purposes and should be excluded as per the following permitted exemption:

Land for certain infrastructure or facilities including utilities, transport, and facilities for social, community or recreational purposes.

These lands are shown generally as per the below extract from the RZLT map, and as per the CIÉ/IÉ ownership alongside, hatched blue and green.

Kindly confirm receipt and exemption.
