Good Morning.

I am a home owner

It is with the upmost importance that I object to the rezoning of land in carrowhubbock north, enniscrone, Co sligo.
Reference SLG- C29-97

I strongly disagree with the application of rezoning for
the below reasons

The first and most important is that there is a sligo council drain servicing all of carrowhubbock north and south going through that site and into the bay. Any disturbance to this drain would be highly detrimental to all surrounding land and households.

There is an ringfort (one of the most prominent in connaught) located beside this site. If this is rezoned, there will be more traffic and footfall enticing the tourists to disturb this heritage monument. Additionally, there are high unstable cliff edges which could incur fatalities. If someone were to fall off this.

Noise pollution, excess traffic, privacy disturbed and littering are all other issues that would become a problem.

Please feel free to contact me should you wish to discuss this in further details.
